

press release

yco at the monaco yacht show

Monaco, 18th September 2008

This year sees the 18th Monaco Yacht Show, to be held in Port Hercules from 24th – 27th September. In line with the growth made across all areas of the YCO business over the last 12 months, YCO will be showing two of the largest yachts in the show as Joint Central Sales Agent.

The revolutionary 73 metre motor yacht Silver is widely acknowledged as the most exciting new addition to the market, while at 60 metres, motor yacht Oasis is a pedigree creation from the world renowned Lürsson shipyard. Oasis has been one of the charter market's most successful yachts and is expected to generate a lot of interest now she is for sale. Viewings of both yachts are available through YCO strictly by appointment only.

YCO will also be representing motor yacht C2 (34m) on the quay, while Princess Iolanthe (45m) will be at anchor throughout the show, and available for viewing via the distinctive YCO Yellowfin tender. To arrange a viewing please contact sales@ycoyacht.com or call +377 93 50 12 12

In addition to a prominent stand on the Chicane, YCO will be hosting several private events from the office's penthouse terrace which overlooks the Port and all the yachts in the show. There will also be live demonstrations on the YCO stand of the groundbreaking new technology YCO LIVE, the first online yacht management system in the world.

YCO Crew, which has its headquarters in Antibes, will be sponsoring the Captains' Hideout this year, a private networking area where Captains and senior yacht crew can find respite from the hustle of the show and enjoy complimentary refreshments.
