### YCO 2010 charter collection

Monaco, 08 February 2010

YCO is pleased to announce the publication of its sensational new charter collection for 2010, 'The Yachts'.

This beautifully bound, hardback edition offers readers *the* definitive list of the finest yachts available to charter worldwide, as well as features on the finest destinations, through itineraries written by some of the best charter Captains in the industry.

Featuring a carefully chosen selection of the most luxurious yachts available for charter today; including a number of new additions to the charter market, the yachts are accompanied by stunning photographs providing a glimpse of what these beautiful yachts have to offer. Following the launch of YCO Sail, the collection also features a large number of exquisite sailing yachts available for charter in some of the most beautiful destinations around the world.

Charlie Birkett, CEO of YCO Group comments "Increasingly accessible global travel over the last decade has left many destinations over exploited and overcrowded; chartering a luxury yacht permits escape to hidden gems that are still untouched, where guests can enjoy the utter tranquillity of their own private, luxury retreat. See and be seen in all the right places, then disappear to a world where there is no one to disturb you - other than your own guests."

With access to the world's most exclusive and exciting superyachts, ranging from motor vessels, to classics or performance racers, YCO can always source the perfect yacht for any client, ensuring luxury charter holidays which are always memorable in their perfection.
