

YCO London Marathon Team

YCO London Marathon team raises over £110,000 for WellChild after 3 years of the London Marathon!

We are pleased to announce that the YCO London Marathon team have all successfully completed the Marathon despite record breaking temperatures. The sun was shining (a little bit too much!) on all the team and their supporters this year, with new runners Portia Hart and Katrina Arens completing the race in 4h10 and 4h34 respectively while Gary Wright (taking part for the third year running) and Glenn Trunley both set personal bests. Special commendations go to Carl Gardner for finishing in a fantastic 3h29 and Mike Goulden who unfortunately blew out his knee at the 16 mile mark but still managed to hobble round the rest of the course to complete the race in a very painful 7 hours!

This fantastic effort means that YCO has now raised over £110,000 for the WellChild Charity in the last three years and there are still many more donations coming in. On behalf of the team we would like to say a big thank you to everyone who has shown their kind support, your generous contributions really helped to motivate the entire team to complete this very difficult event. For those of you who have made a pledge or who have not yet had a chance to make a donation it's not too late to support this worthy cause, just see the details below on how to donate. WellChild is a charity that has been working to improve children's health for nearly 30 years. Its mission is to improve children's health and healthcare through research, information support and education.
