

## press release

### YCO Sail

Monaco, 18<sup>th</sup> June 2009

YCO is proud to announce the launch of YCO Sail, a new division in YCO with a special focus on the world's most elegant and exciting sailing yachts.

YCO Sail is headed up by Ben Bartlett, who has recently joined the YCO team following many years working on a range of sail yachts, numerous race programmes and several prestigious new builds.

With an experienced team of yachtsmen behind the scenes, YCO Sail will provide the full compliment of YCO services, including yacht management and project management as well as charter and sales brokerage services, each dedicated to sail.

The setup of YCO Sail reflects the knowledge that there is a wide range of yachts available to suit a range of different sailing styles and different Clients' needs. The division will therefore specialise in three different areas;

**Super Sail**, for those who seek the ultimate in luxury and style with the elegance of sail power;

**Performance Sail**, covering the most complex sailing yachts designed for their line and speed and suitable for both on and off the race course; and

**Day Sail**, for the smaller day boats which make a perfect accessory to a larger motor yacht or even a villa on the coast.

*"We aim to offer our clients the very best of the world's sailing yachts." says Ben, "Whatever type of sailing experience the client is after we will find the perfect yacht for their needs".*
